go to our wesite to find our dealers

ONLY BUY WITH A UK GENUINE SUPPORT TAG!

GREY IMPORTS CAN OFTEN BE LOWER IN PRICE, BUT CAN COST YOU A FORTUNE. BUY SMART!

There are ALWAYS unauthorised dealers supplying 'grey' (parallel) imported Autel products from the UK or overseas.

At a quick glance, a lower cost 'grey' import may seem like a good money saver, BUT please be aware that these products WILL NOT HAVE AN AUTEL UK WARRANTY OR SUPPORT. This means in the event of a problem, you will need to rely on the supplier to provide these services and NOT Autel UK.

It is likely that a grey import will have to be returned to the country of original supply for repair, such as China, which will be a costly, time consuming and risky exercise.

You may find that if you purchase an Autel tool created, for say, the Chinese market, that your updates will be blocked via IP and the tool will revert back to its language of origin, rendering the tool unusable.

BUY SMART, buy a genuine unit from an authorised UK dealer.

NEW FOR 2018!

With 2018 comes a new Autel Commercial Vehicle tool which once again promises to redefine what customers can expect. Additional Autel capability combined with our superior build and performance continues to underwrite Autel as 'best in class' for 2018. Our software development for existing Autel tools remains impressive, providing even more reason for current Autel users to update their tool software regularly - **Professionals buy Autel.**

MAXISYS ELITE

PREMIER

ADVANCED ANALYSIS DIAGNOSTIC SYSTEM

The **MaxiSYS Elite** is Autel UK's **top of the range diagnostic** and analysis scanner with advanced **J2534 ECU programming**, and **coverage for over 70+ manufacturers**. Our J2534 also incorporates bluetooth VCI technology.

The **MaxiSYS Elite** is twice as fast as any comparable device using Autel's fastest **quad-core Tegra 4 plus 1** processor to rapidly perform diagnostic, service, programming and analysis functions. The faster your diagnostic tool, the faster your technicians will be able to pinpoint vehicle faults, perform service functions and programming quickly.

The **MaxiSYS Elite** also offers a larger more powerful Lithium-Polymer 13600mAh battery, retinal screen and includes a docking station for convenient charging with intelligent power saving to help eliminate charging durations.

The **Elite** is supplied with **free 12 months software updates**, UK based telephone hardware support and enhanced EU software.

Next generation TPMS Tools from Autel	
£249 excl. VAT	

The MaxiTPMS® TS408 is a new generation base model TPMS tool, which is designed to activate all known TPMS sensors, read sensor ID, pressure, temperature and battery condition, program AUTEL MX-sensors and provide on-tool relearn procedure. With a big colour display screen, fast service speed and up-to-date software update, TS408 is truly the excellent companion for your TPMS service work.

1. ACTIVATE & READ SENSOR DATA

TS408 is designed to activate all known TPMS sensors. When you choose the right vehicle make, model and year, TS408 can easily activate all the sensors and read the sensor ID, pressure, temperature and battery condition.

2. PROGRAM AUTEL MX-SENSORS

TS408 can program AUTEL MX-Sensor with three programming options:

1. Copy By Activation;
2. Copy By Manual Input;
3. Auto Create 1-16;

3. ON-TOOL RELEARN PROCEDURE

TS408 has an on-tool relearn procedure for every TPMS. There is no need for relearn charts or Internet lookups.

Don't under- estimate the significance of your updates. Via our update program you can ensure that your diagnostic tool maintains its ability to work with the very latest vehicles.

Our updates are very good value for money. Most do not realise that the greatest cost of any diagnostic company is the software development undertaken to keep your tool as up to date as possible.

When you purchase your diagnostic tool, you will get the first year of updates free of charge. There is no obligation to update your tool after year 1 and it will NOT lock out if you decide not to update your diagnostic tool.* To renew your software update license, please contact your local **Autel UK** dealer.

Autel UK also supplies 1 year's free support worth £149.00 with all tools supplied via the UK distribution hub, which have a valid UK support tag. We want you to get the most out of your Autel tool and for you to know we are here to support you.

**Please note : update information above is correct at the date of print. Update policies may vary or change and pricing maybe be subject to change due to fluctuations is the value of the £-v-\$*
